Look to this day!  
 For it is life,  
 the very life of life . . .  
 For yesterday  
 is already a dream,  
 and tomorrow  
 is only a vision;  
 But today, well lived  
 makes every yesterday  
 a dream of happiness,  
 and every tomorrow  
 a vision of hope.

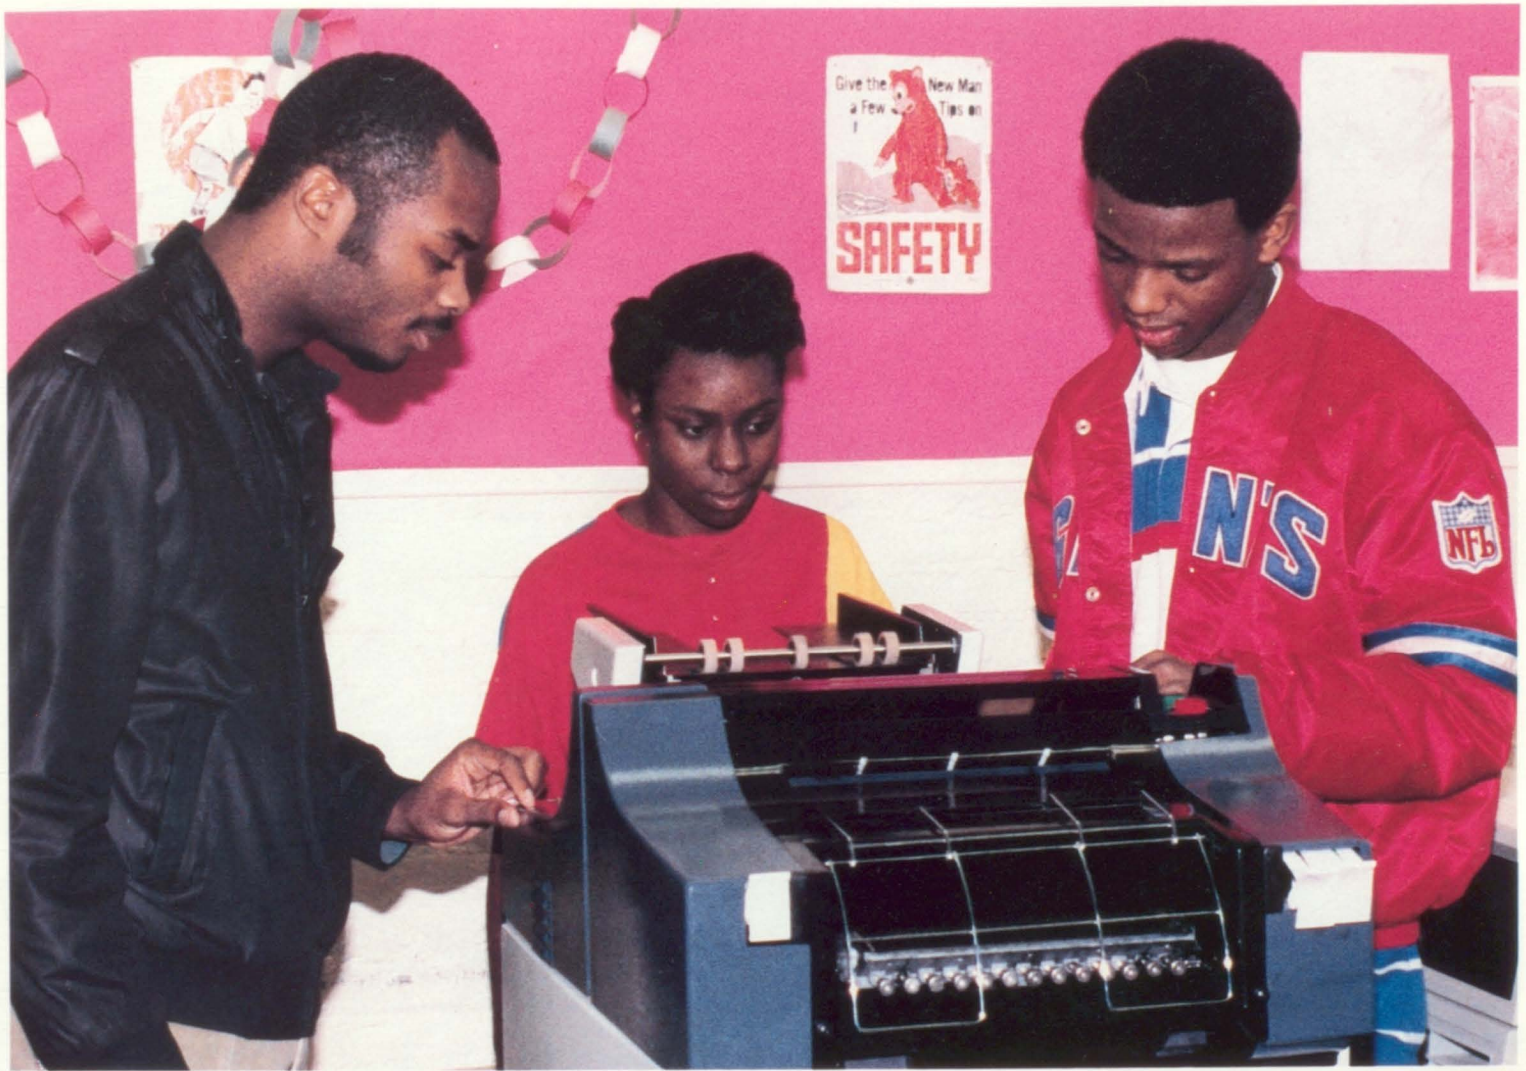

# Future Belongs To Those Who Prepare For It.

We, at West Side, are preparing for our future. We are enrolled in typewriting, computer literacy, math, English, graphic arts, physics and other pertinent courses that will enable us to meet the challenges of tomorrow.

"When Love And Skill Work Together Expect

We Can  
Do More  
Than Look

-

We Can  
Observe

A Masterpiece."

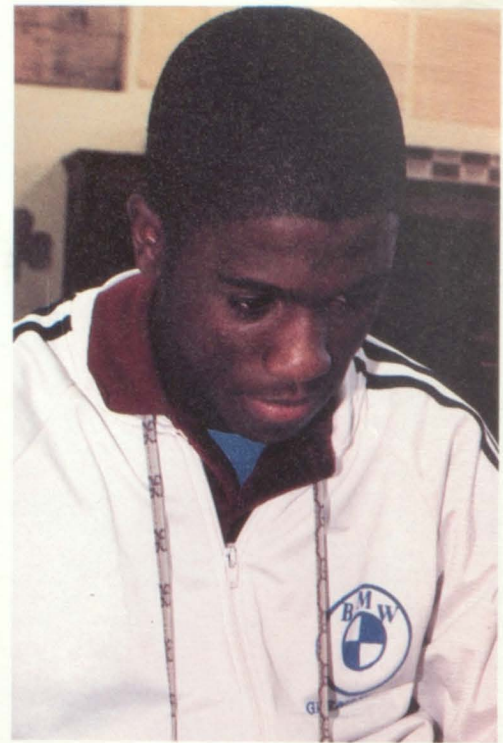

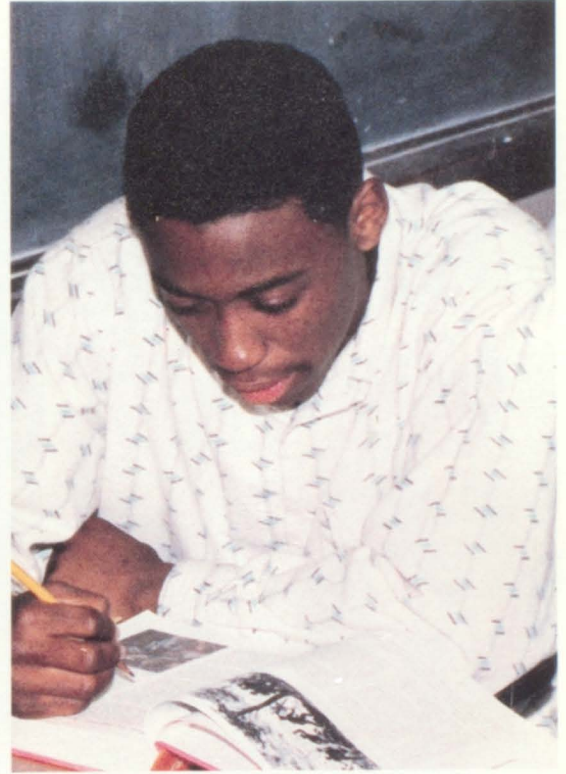

# Tomorrow's Success Is Founded

# On Today's Preparation.

# Dress Up Day

The time is October 14, 1987 and we are models for the day.

We're all dressed in our knits, silks, sharkskin and gucci—acting very lady-like and gentlemanly all day long.

We know that the way we live today will be the past we will remember tomorrow.

## Fran Kaplan Day

Mrs. Frances Kaplan began her teaching career at Weequahic High School in September, 1941. After working at several other schools in the district, including Arts High, she came to West Side in 1948 as a teacher in the Business Department. She became a part-time counselor in 1963, a full-time counselor in 1968, and head guidance counselor in 1974.

Thank you for your dedication, your diligence, your perseverance, and patience, Mrs. Kaplan. May you have 40 more years at West Side.

Dear Seniors:

My words to you are, "I Shall Do."

I believe anyone whom you encourage and help to think and rethink in today's crisis will find his thought leading him back to things that are basic in American life—freedom, sanctity of the home, thrift, work, each man and each woman making his small contribution to the whole by trying what we used to call "right living."

Let us make the point that other generations of Americans have had their crisis, too—their bloody wars, their long-lasting and soul-searching depressions, their riots, and even their threats of imminent extinction— and yet America has indeed made remarkable progress, largely by adhering to principles which may seem old-fashioned.

To sum up, the resolution of today's crisis in American life must begin with each individual. The relationship which you and I have with members of our immediate families is the beginning of a chain reaction. Within our family groups, we must teach and learn understanding, reasonableness, justice, love, fidelity, patriotism, love of God—for then and only then will we achieve the love of our fellowman which, I believe, can and will save our city the country and the world.

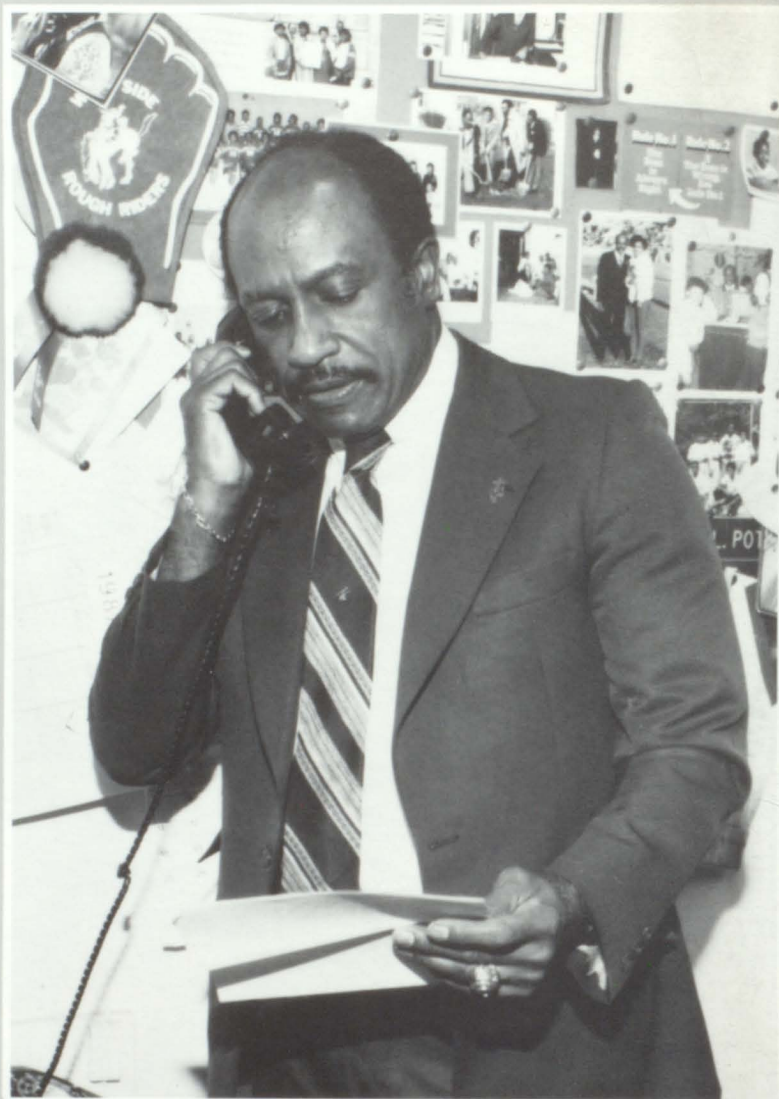

Edward Hale, a former chaplain of the United States Senate, sums it all up nicely for us in these words:

"I am only one, but I am one. I can't do everything, but I can do something. And what I can do, that I ought to do, and what I ought to do, by the grace of God, I shall do."

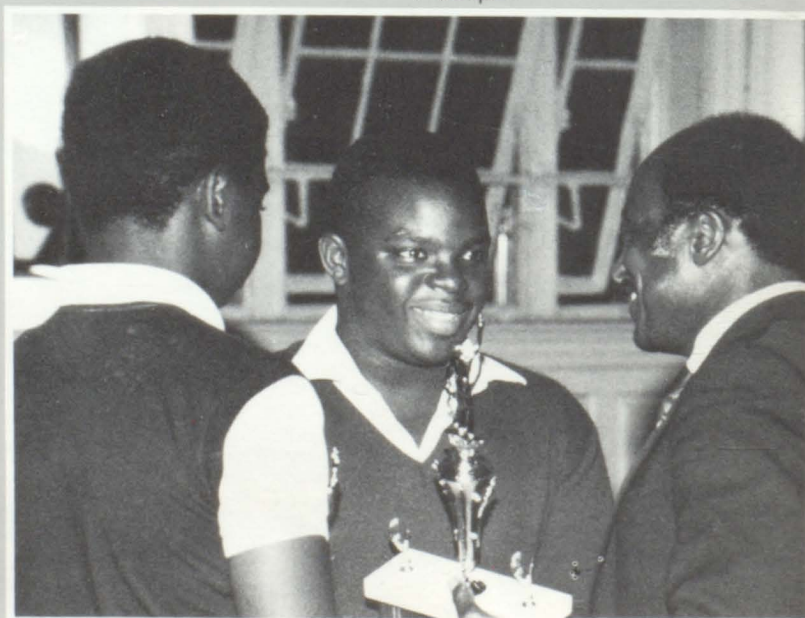

Love and Peace,

Nathaniel L. Potts

# Time Marches On

## TIME

Another year has surely gone—  
leaving memories untouched  
by the passing of time.

The cold icy snow will soon give  
rise to spring.  
The explosion of life will surround  
us once more.

As it slowly drifts into the warmth  
period  
of the year, many will retreat to  
their summerhouses.

With the blinking of an eye, the  
leaves  
will descend upon us once again.

The time of hibernation will swiftly  
creep within our mist;  
and another year will have gone  
without  
my consciousness.

—Ollie Marshall

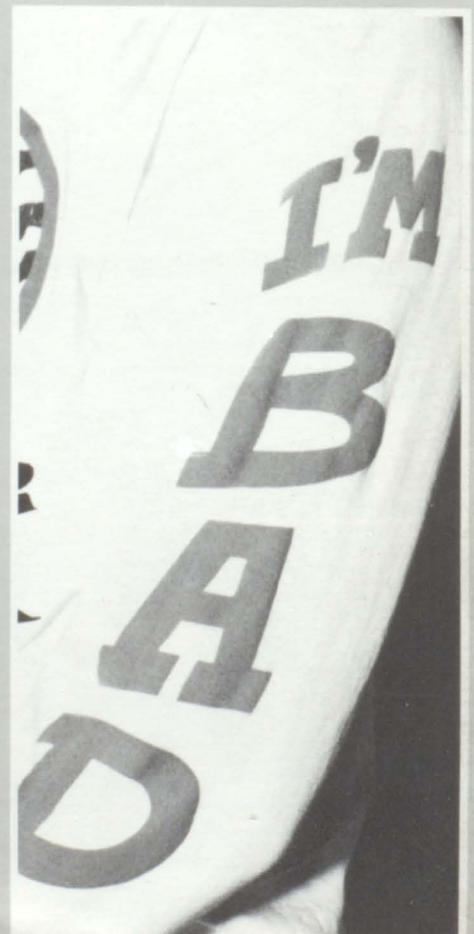

As juniors, we are really enjoying ourselves at pep rally.

What a joyous time we are having at West Side Park.

When Naronda took a picture of me in my underwear (in the locker room) and showed the picture to everyone.

When I was in the tenth grade, I fell down the stairs, on my way to my English class.

When I was at the football game and I tripped up the stairs.

When I went to my boyfriends' house to meet his mother and his dog jumped on me and I fell down in front of his family.

When I tripped up the stairs in my heels and my slip was hanging a mile long.

When I was in English last year and I fell from my chair and everyone laughed.

When my brother and I were playing on the phone, and we were using bad language, my mother was at the door and heard every word that was said.

When I was cutting my class, Ms. Hawk asked me to run an errand for her, and it was the class that I had cut. When I fell upstairs going to New York and there was a lot of people behind me.

When I was walking up the stairs and I fell, realizing that there were guys behind me.

When I came from gym and my slip was hanging below my skirt, and people were behind me laughing. When in the girls bathroom, and I was looking in Sandy's pocket book, and I thought it was my cousins'.

When I was falling up the second floor stairs at West Side on top of two other people who had just fallen. "Embarrassing!"

When I was so busy looking in Darryl Strawberry's face, and at the same time Dwight Gooden was asking me a question, and I didn't realize it until it was too late.

When I tried to slam dunk at the game against Vailsburg, and I missed, That's not all, I fell on my face.

When I fell out of the car while it was moving.

When I was walking in the snow and fell on my face.

When I am calling someone aloud, and it's not the person I thought it was.

When I'm not paying attention in class and my teacher calls on me answer a question and I'm not able to answer it.

When I fell off the horse at the ranch.

When, in the eighth grade, we had a play on dancing, I was suppose to do a front flip and, instead, I slid all the way across the stage on my face.

When I fell on the stage, during graduation day in 1984.

When I got caught stealing.

When I had my walkman and Mr. Potts asked me for it, I told him it was a camera and he asked me to take his picture.

When Allen threw a bucket of water in my face last year.

When I was pitching in a softball game, I caught the ball and got the out. Thinking it was the last one of the game, I ran off the field.

Hard work was a key factor in the success of the 1987 Cross Country team. The future is looking extremely bright.

## Riders have good year

In the **Barringer** game, WEST SIDE was led by **Paul Jones** and **Donald McNeil** on offense with one TD and 200 yards. On Defense, WEST SIDE was led by **Mark Caesar** who had 43 tackles, and **John Lebron** who had 15 tackles and a returned fumble of 35 yards to a touchdown.

In the **East Side** game, WEST SIDE was led by **Donald McNeil** on offense with 150 yards and two TD's. On defense Mark Caesar and **John Lebron** held a good East Side offense in check. The key play of the game: **Henry Jones** intercepted a pass at the East Side third yard line and held the ball until time expired.

In the **Shabazz** game, **Donald McNeil** and **Paul Jones** had over 100 yards and one TD each. On defense, **Larry Jackson** had 12 tackles and three sacks to lead the way to a shut-out.

### KEY PLAYS OF THE SEASON

**John Lebron** 35-yard fumble—recovers for a touchdown.

**George Arrington** 70-yard interception for a touchdown.

**Henry Jones** interception in the Shabazz, Barringer and East Side games to help West Side win.

**Mark Caesar** ran a fumble 50 yards.

# J.V. Rips Vailsburg 62-61

The first game between these two schools went right down to the wire. Vailsburg was leading by a field goal when Clifton Wesley stole a pass. It was a three on two in West Side's favor with ten seconds left in the fourth quarter. Clifton had a chance to make his team lead by one, but he took a turn-around-jumper which lost it all for West Side.

On February 19th, the rematch was on—. Again it was a tight game—from the beginning and throughout the last quarter. West Side was down by ten points, but Terrique Goodman and Jesse Parker got West Side back into the game with a couple of key plays. Goodman, who leads West Side in scoring, brought us half-way back with two-three pointers. Parker, who leads West Side in rebounding and steals, took West Side to a victory (62-61).

The 1987-1988 season was a disappointing one for the Roughriders. The team finished with a record of three and nineteen. Although many of the games were close, the team couldn't seem to put together a winning streak. A large part of the problem was that the team was very inexperienced, as the coaching staff chose to work with underclassmen and build for the 1988-1989 season.

Several seniors played key roles on the team. Three who should receive special praise for their efforts are: Al-Malik Jenkins, Phillip "Sal" Harris and Donald Calhoun. These three men played hard all year and displayed great character during a very difficult season. Hopefully, their example will help the younger players to get the program back on track. Donald Armour is a fourth senior member of the team. He was one of the scoring leaders of the squad and has the physical ability to play college basketball.

The 1987-88 West Side Girls Basketball Team did not have a winning season. However, many close scores, but not too many victories.

Senior Nicole Strickland was the team's most aggressive player—due to her alertness and motivation. Seniors Elizabeth Huff and Rhonda Johnson made great contributions on defense.

Denise Stocks and Anita Dickerson, the team's leading scorers, will definitely prove to be great players of the future.

With hard work and determination, the West Side Riderettes will become the great team it once was.

The ROUGHRIDERS were back in action this year after a three-year absence. The team motto was "WEST SIDE WRESTLING . . . A RETURN TO EXCELLENCE." The young and inexperienced team handled a full mashotic schedule, which included powerhouses Roselle Park, Jamesburg, and Seton Hall. Of the 13 weight classes on a team line-up, the ROUGHRIDERS filled in 8 or 9 of those weights and wrestled (forfeiting on an average 24 pts.). In spite of this, the team finished 10 wins and 7 losses. Its share of the city championship was a fifth place finish at the Jamesburg Tournament. The team wrestled well in the district #10 of the State tournament.

The ROUGHRIDERS were led by two seniors who were part of the original team before it was cancelled three years ago. The seniors are Philbert Smith (12-5-1) and Ivan Varela (11-7). Philbert was an inspirational leader, and a brother to everyone on the team.

Having a late start in the season could not prevent the West Side Girl's Volleyball Team from being one of the most successful teams in the City League. The team lead the City League in wins and losses this season with a record of 10 wins and 2 losses.

However, during the "Newark-City-Volleyball Tournament" the girls could not put it all together. They won their first two matches against Vailsburg and Arts, but lost in the Semi-finals to University High.

As a first-year team, the girls proved to be highly competitive, next year we plan to go all the way!!!

Record: 12 wins and 3 losses

Mr. Stoney coached the West Side boys' track team to its first Group 2 state relays championship, to second place behind Montclair Immaculate in the Essex County Relay Championships and to a tie with Monmouth Regional in the Group 2 indoor team championship. He attributes his success to his mentor, the late Mr. Chester Phillips, who taught him the in's and out's of track coaching.

Congratulations, Mr. Stoney, for a job well done!

## Tyson Comes To West Side

Mike Tyson, the world's greatest boxer, visited West Side in October, 1987. We were all enthusiastic of his arrival. He was accompanied by Mely-Mel (rapper), Mr. Larry Hazzard, the NJ Boxing Commissioner and former West Side Vice Principal, and other dignitaries. Mike came to campaign for students against drugs. Our students were on their best behavior and made Mr. Potts very proud.

# Seniors "Fall" At

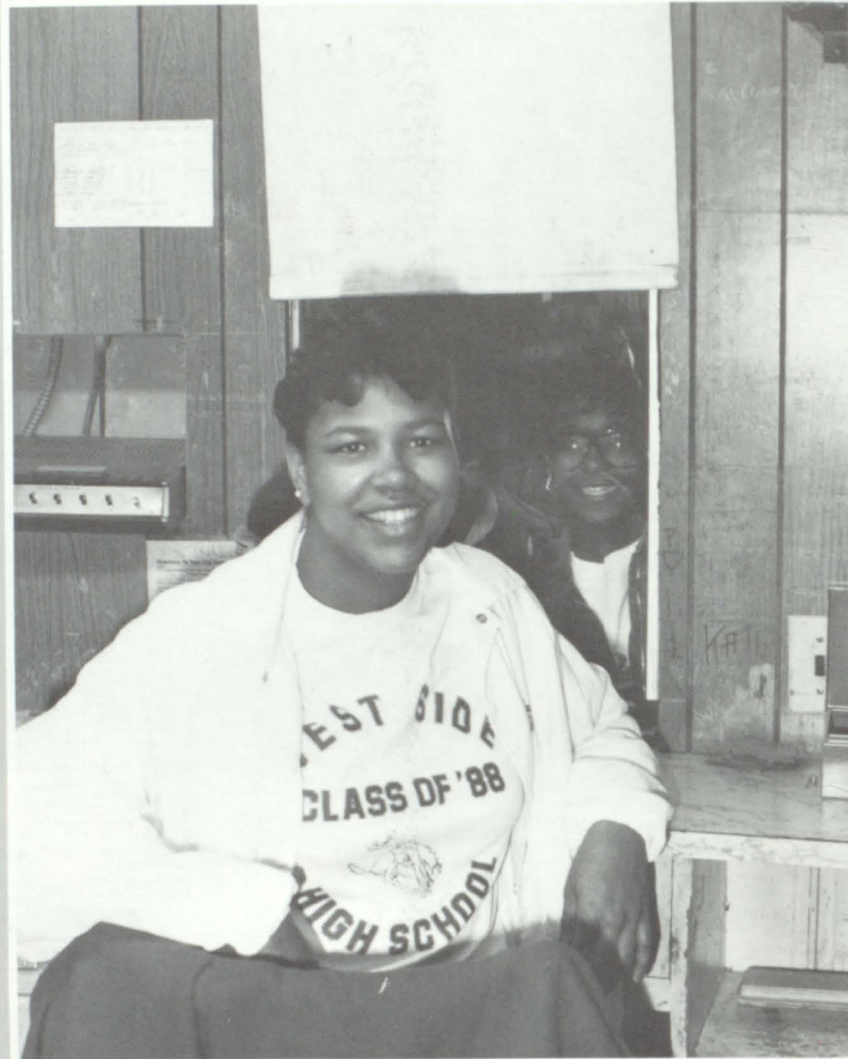

Today is December 7, 1987 and the Senior Class of West Side High School is having its annual skating party at Twin City Roller Rink in Elizabeth, New Jersey.

About 100 seniors are here skating to the beat of Michael Jackson's "Bad", "Devotion", "Someday", "I Wanna Dance With Somebody" and many other rocking sounds.

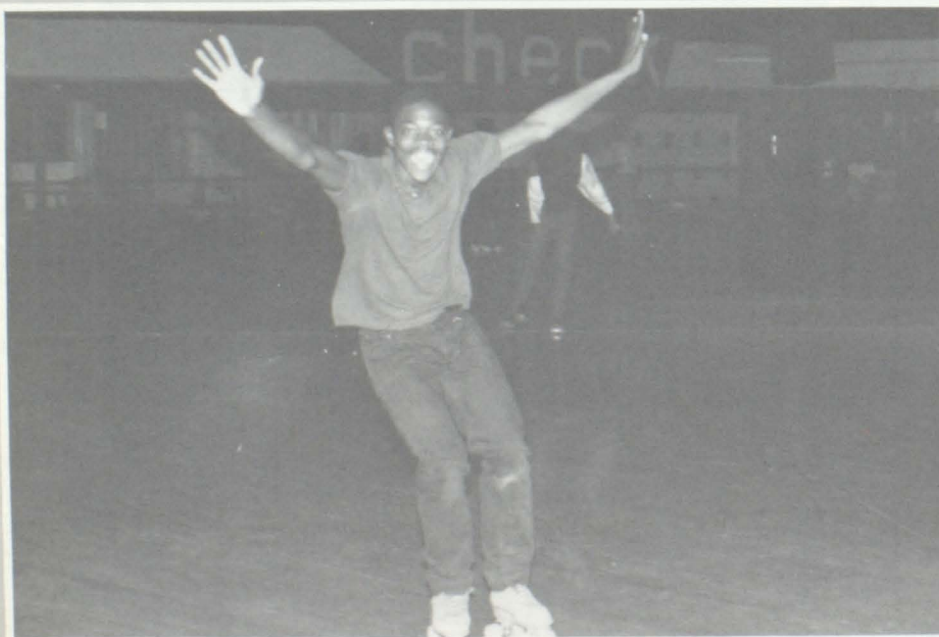

Many of us can not skate and are hoping that no one finds out. However, Mr. Donald McNeil just could not keep up the pretense and has fallen flat on his face. In spite of all the negative things that has happened, we will still register this another memorable occasion for the Class of 1988.

# Time To Stop

Editor: Selena Hines

"Turning the pages of time" is our theme for the 1988 *Lamp*. This theme simply indicates that as time goes on, we, The Class of 1988, will let nothing hold us back in our quest to accomplish our goals. Through good times as well as hard times, we will always strive to resolve our problems as mature individuals.

Working with the *Lamp* staff has been rewarding as well as challenging. Although we started originally with a very large staff, by November that number had decreased considerably. The few staff members who have remained have done an excellent job through hard work and dedication. Because of their dedication, we were able to complete the layouts, the typing and other important aspects in a timely manner, but most importantly, we were able to meet all of our deadlines.

I am very grateful to those staff members who have worked so diligently and so tirelessly in producing an excellent yearbook.

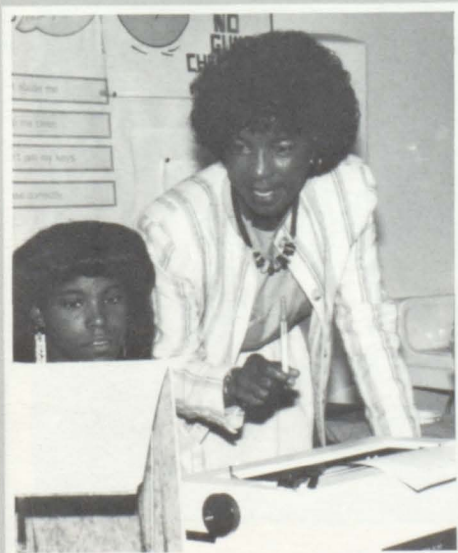

As editor-in-chief, I would like to give special acknowledgment to Ms. Cato for her hard work and dedication in helping us with our yearbook.

Thanks Ms. Cato. We Love You!

Selena Hines

## Congratulations Selena

To Selena:

We know you could do it. Your determination has stood the test of time. Graduating from high school is a critical point in a person's life.

You're probably smiling as you look back on your four years of study at West Side High with the way that you handled the strong peer pressure that's facing the teenager of today.

The most successful people are those who set goals early in life. We know from experience that if you don't know what you want to do with your life, or what you want to accomplish, you won't ever establish a working plan of action. To really move ahead, you need to know where you want to be six months from now, three years from now, and even ten years from now. Don't forget you will need a specific plan to reach your goals.

We wish you a successful and a happy life.

Love, your Sisters—  
Sheila and Sabrina

Dear Selena:

What a pleasure it was to have had you work as editor of the 1988 LAMP.

When you came by my room as a freshman, I knew on that day that you would be the type of young lady as you have thus far exemplified. You are intelligent, mature, dependable, trustworthy, kind, and a hard worker.

Your parents can rest well in heaven because you are the young lady of which they can be proud.

I plan to follow you throughout your college career and thereafter see you march down the aisle as a bride.

Thanks so much for letting me play mama.

I love you.

Mary H. Cato

TO SELENA

A VERY DEAR GOD-SISTER AND BEST FRIEND

You have always been there when I needed you—and it is much appreciated. I am very proud of you. Now you can look forward to four years of college. College can be a lot of fun, but don't ever forget the reason you're there. I know you will do your best—that's what I expect from you because you are the BEST. Be strong and keep striving for the top because there's nothing at the bottom. Good luck and I love you.

Your God Sister

De-Shawn Koon (Class of 1985)

Selena, I've known you for most of my life—since kindergarten. Now we are two young adults, ready to graduate from high school, hoping to make something out of ourselves.

Selena, this is for you and only you: "You have only one life, and all I want you to do is to make the best of it, keep a positive mind about everything, and success will be yours always."

Thank you for being a true friend.

Love Always,  
Estella Sanders

To Selena

A wonderful person and a dear friend for whom I have much respect. In looking back at our days at Fifteenth Avenue Elementary School, I can see how you have grown into a fine, intelligent young lady who is beautiful inwardly as well as outwardly. You are graduating from high school and the next step is college. I wish you well in your studies at Stockton State College. Whatever you become, I know you will be great.

You are these things and more, your picture is here for all to adore.

## OH, ALMA MATER WEST SIDE HIGH

In morning light and evening fall,  
Through all the days of coming years—  
In times when glowing futures call—  
In hearts with laughter and with tears,  
Our love for you will never die,  
Oh Alma Mater, West Side High.  
Our love for you will never die,  
Oh, Alma Mater, West Side High.

This love we have for you has grown  
More bright than any treasured gold,  
It deepens through each friend we've known,  
Each truth that to our hearts is told.  
Within the shelter of your walls,  
Within the rooms where wisdom calls.  
Our love for you will never die,  
Oh Alma Mater, West Side High.

Though we have need to wander far,  
Close in our hearts your name will be,  
Your goodness, like a radiant star,  
Will rise with every memory,  
And having these sweet dearms of you,  
We shall remember and be true.  
Our love for you will never die,  
Oh Alma Mater, West Side High.

In morning light and evening fall,  
Through all the days of coming years,  
In times when glowing futures call,  
In hearts with laughter and with tears,  
Our love for you will never die,  
Oh Alma Mater, West Side High!  
Our love for you will never die,  
Oh, Alma Mater, West Side High!
